

Exhibit 23

Dr. Bador is a Psychologist and performed a “parental alienation” evaluation of the children on 3-May-2018, and was tasked with determining whether Ms. Karen is alienating the children from their father. This evaluation was ordered by the Divorce Court, but this report has “gone missing” for over 6 years, and Ms. Karen refuses to allow anyone to see this court-ordered evaluation. The photo above (right) is thumbnail from a video-taped conversation asking Dr Bador about the report. Dr. Bador confirms that the report was completed, but refused to deliver a copy to Mr. Putnam directly, and said it must only come through Court. The Family Court has confirmed it received the report on 16-Jun-2018, but refuses to release it to Mr. Putnam.

Victime : Lise MONKHOUSE,

Le 12/03/2019, nous informons Monsieur GUIGON Patrice, Procureur de la République à Bonneville des investigations suivantes :

- A ce jour aucun rapport psychologique du docteur BADOR n'a été obtenu malgré les examens psychologiques initiés dans cette procédure et effectué par le docteur BADOR. ---

The three children have suffered unmercifully under this subterfuge and malice.
