The French document submitted by Ms. Karen as a “Foreign Judgment” for money is fake, and only partially translated.

The French document is peculiarly dated over 3 years ago, 30-April-2021, and the summary declares it as “*ex-parte*”, without Mr. Putnam being invited or present to his own divorce! The subterfuge and deceit is unbelievable. Mr. Putnam only learned of this document in May of 2024, when a copy was delivered to his sister in Seattle.

In May 2021 Mr. Putnam was living in France and was never “served” this document nor have his French Lawyers ever received this document.

Ms. Karen is engaged in an audacious scheme to defraud Mr. Putnam and his children of money. It remains to be investigated how she fabricated this document.
