

## Exhibit 6

In October, 2017 Ms. Karen forced a snow crampon like this into Brig Putnam's arm (13 years old), and then submitted the staged and fabricated photos to the Family Court. Official stamp below.

This submission demonstrates Ms. Karen's willingness to physically harm her children. Anything to satisfy her desires.

This action by Ms. Karen de-legitimizes her as a safe parent, mentally-balanced or trustworthy person. In Nov 2017, Ms. Karen was subsequently ordered to pay all the court costs due to the slander of Mr. Putnam as an abuser and her legal request to obtain a "Restraining Order" – which was rejected.
